

Bridge Lessons at the Edmonton Bridge Centre

Since the onset of COVID 19 in March 2020, our club has had to shutter our doors. We are unable to provide face to face games or in person lessons.

Bridge can still be taught and learned online. Unfortunately, EBC is unable currently to offer any lessons. There are many teachers and sites available online. We suggest you start at: www.acbl.org . This is the American Contract Bridge League. There is some basic 'Learn to play bridge' software that can be downloaded for free. The link is: www.acbl.org/learn_page/learn-to-play-bridge

They also have an extended list of online teachers offering a variety of lessons and seminars for various prices. Scroll through the list at:

www.acbl.org/learn_page/online-lessons and see if something fits your needs.

When our club reopens, we will again be offering in person lessons.

Thank you for your interest in bridge. It is a great game to learn and play.
