

Dear Members and friends of the Edmonton Bridge Centre,

The Club and Board need your input to make further decisions about Covid measures and the schedule of games both live and online. We have produced a survey for you to give your opinions, but you can also approach any Board member or myself, in person or by email for further comment.

The link to the short survey is here: [Good Survey Link](#)

We ask that you complete the survey before **May 27** so that we can compile the responses before our next board meeting in early June.

Thank you for your help. Let me add a bit of information as to where we are at present. With regards to Covid measures, we continue to require vaccination and properly worn masks, as we have since we reopened the club in September of 2021. With regards to game sessions, we have tried to offer a variety of games for those who want to play live and those that want to only play online. As attendance for any session has changed, we have considered cancellation and or changes to live/online status. If the membership shows interest, we will of course try to give them their games.

For those interested in Beginner Bridge, the Unit and club are having a special **Rookie Master** event on Saturday afternoon **June 4th, 1:00 - 4:00**. 3 Rookies and 1 Master at each table will have a chance to learn about bridge and each other, enjoy some great hospitality, and have fun. Please register at the club to join in this event.

Thank you for your attention to this letter and your participation in the survey and our club.

Matthew
